**Re: FOIL 2025-1065**

Dear Mr. Berman:

This letter is a response from the City of Rochester ("City") to the appeal you submitted for FOIL request 2025-1065. That request, submitted on February 22, 2025, sought a list of all property addresses in the City of Rochester that currently have a barn.

On March 26, 2025, the City informed you pursuant to Public Officers Law § 89 (3), that following a diligent search, based on the information provided, no responsive records could be found.

On March 26, 2025, you administratively appealed the City's response. This letter is the City's response to that administrative appeal.

On appeal, the City located one responsive record. This record is an Excel sheet of the addresses in the City of Rochester that have an accessory structure listed as a barn. For your convenience, I have provided a document listing the Structure Codes which correspond to the first column of the Excel Sheet. These documents are available to you on JustFOIA.

This correspondence constitutes my final decision regarding your request. If you disagree with this decision, you may seek judicial review of it pursuant to Article 78 of the Civil Practice Law and Rules. Your time to seek judicial review begins immediately.

Sincerely,

Patrick Beath  
Corporation Counsel
